

ICIP 2015

IEEE International Conference on Image Processing

IEEE
Signal Processing Society

27-30 SEPTEMBER 2015, QUÉBEC CITY, CANADA

Call for Tutorials

The International Conference on Image Processing (ICIP), sponsored by the IEEE Signal Processing Society, is the premier forum for the presentation of technological advances and research results in the fields of theoretical, experimental, and applied image and video processing. ICIP 2015, the twenty second in the series that has been held annually since 1994, brings together leading engineers and scientists in image and video processing from around the world. Research frontiers in fields ranging from traditional image processing applications to evolving multimedia and video technologies are regularly advanced by results first reported in ICIP technical sessions.

ICIP 2015 tutorials will be held on Sunday, September 27, 2015 in morning and afternoon sessions of about 3 hours each. Proposals must be submitted via email to tutorials@icip2015.org.

Required Proposal Information

Each submission must include the following information:

- **Title**
- **Presenters:** Names, affiliation, contact information (email and mailing address), and two-page resume *for each presenter*.
- **Description:** A description of the tutorial topic, providing a sense of both the scope and depth of the tutorial, along with a tutorial outline.
- **Relevance:** Address the importance and timeliness of the proposal, and its relevance to researchers and engineers.
- **Previous editions:** If the tutorial was given before, describe when and where it was given, and if and how it will be modified for ICIP 2015. If possible, provide a link to slides of the previous tutorial presentation.

Evaluation Criteria

Proposals will be evaluated using the following criteria:

- **Timeliness of the proposal:** Importance of the topic in 2015 and relevance to ICIP
- **Quality of the proposal:** state-of-the art coverage of the topic, coherence, and experience of the speakers.
- **Spectrum of the proposal:** Is the topic of interest to academia and/or industry, researchers and/or engineers? Is it likely to attract ICIP 2015 attendees?

These submission guidelines are also available on the *Call for Tutorials* section of the web site.
